Toronto Police Services Board

Virtual Town Hall Submission
Toronto, ON

To the Toronto Police Services Board,

Thank you for hosting this town hall and for extending submissions to ensure more voices are heard.

I urge the TPSB to take a global leadership position in creating and adopting innovative, actively anti-racist solutions to disrupt and change systemic racism in our policing practices. I support accelerated work with anti-racist advisors, organizations and the community to make this happen.

The lives of my fellow Torontonians, the integrity of our Police and the foundation of our democracy depends on it.

Thank you,

Nancy McConnell
